SUBJECT INDEX TO VOLUME 20

Academic audit, and political processes: linking evaluative information to programmatic decisions, 181
Academic scholarship, dimensions, faculty and administrator views, 103
Achievement, adult, and college grades: a research synthesis, 281
Admissions criteria, method for quantification, using GPA, GMAT, and SCALE, 77
AIR between forums, 379, 499

Career attitudes, contemporary, and professional socialization of three faculty generations, 131
Career choices, undergraduates, impacts of campus experiences and parental socialization, 445
Closure, institutional, prediction of enrollment effects, 23

Decision support, measurement for, 193
Decision support system success in higher education, integrators, 211
Demise of independent liberal arts II colleges, ecological explanation, 427

Educational goals, perceived importance, and freshman-year experience, 235
Enrollments, four-year higher-education in Virginia, social and economic factors, 35
Enrollment patterns and instructional outcomes, academic calendar change impact, 155
Equity theory and students' commitment to their college, 269

Faculty salaries, summer session, 375
Faculty work in a regional public university: goal consensus and congruency of actions and intentions, 399
Financial aid and degree attainment, 117
Freshman-year experience and perceived importance of educational goals, 235

Grades, college, and adult achievement, 281
Grades, course, and academic performance of university students, 345

HEGIS data, use in higher education research, 323
Higher education, American, international demand, 329

Institutional research and decision making, 295
Instructional outcomes, and enrollment patterns, academic calendar change impact, 155

MBA admissions, understanding and predicting the yield, 55
Mastery learning and students' attributions at the college level, 491
Models, selection, in $2 \times 2 \times 2$ contingency tables, 17

Retirement, reactions of professors; comparison of retired faculty from three types of institutions, 89

Salary equity-parity, evaluation, multivariate alternatives to regression analysis, 167
Socialization, parental, and campus experiences, impacts on undergraduates' career choices, 445
Socialization, professional, and contemporary career attitudes of three faculty generations, 131
Stress, in academe, sources, 477
Student evaluation of college teaching, multiple audience rating form strategies, 309
Student ratings of college instruction, oral directions and disposition of results, 367

Undergraduate attrition, voluntary, application of Tinto's model, 257
Unemployment among graduating Ph.D.'s, and economic conditions, 385
